

Comments for Planning Application TP/ED/26/0104

Application Summary

Application Number: TP/ED/26/0104

Address: Whitegates Park Middlemuir Road Lenzie East Dunbartonshire

Proposal: Erection of a secondary school including road access, landscaping, car parking, sports pitches, recreational areas and associated development.

Case Officer: Fraser McNair

Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: on first note the address is incorrect according to any map that is open to the public . the pitch that is available for let has a Kirkintilloch address .

the ceo of edc has admitted that the address is not Lenzie .

every contractor has supplied information relating to another address in Kirkintilloch

so my objection is that this is under the incorrect address and is different to that of the contractors and other relevant agencies.

thus the planning application has been listed for the wrong place.

If I applied for planning and listed my neighbour's address would edc approve the planning application .

or if one of my contractors submitted a report for a different address would it be accepted .

is this a ploy by EDC to try and win the postcode lottery for the school by having several addresses. is this a hope this will help to pay for the over inflated estimates of 138 million which is 53 million on top of the original 85 million.
