

Comments for Planning Application TP/ED/26/0104

Application Summary

Application Number: TP/ED/26/0104

Address: Whitegates Park Middlemuir Road Lenzie East Dunbartonshire

Proposal: Erection of a secondary school including road access, landscaping, car parking, sports pitches, recreational areas and associated development.

Case Officer: Fraser McNair

Comment Details

Commenter Type: Member of Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Whilst I agree completely that the children of Lenzie badly need a new secondary school I have several concerns about the choice of Whitegates Park. The ground was considered too contaminated for the ASN school a few years ago and I have real concerns about disturbing the ground and the issues that could create locally. I have concerns about how that could effect the water supply and also create a flood risk to my home which is nearby

I am also concerned about the provisions for accessing the school on the local roads. I believe a huge number of Lenzie residents will drop there children via the 'hole in the wall' at the end of middlemuir rd and the plans show no restrictions on people parking and using middlemuir rd for access which I believe will cause the street to be blocked making it very difficult and less safe for residents
