Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Building the school in Whitegates park destroys valuable and important green space in lenzie. Once gone this cannot be brought back and it will have huge, devastating implications for the local wildlife.

The land is not safe with the presence of contaminants in the soil and the risk of flooding. As a parent of school age children this is a major concern. Access is difficult in the local streets which are too narrow to support the volume of traffic which would occur as a result of the school being built there thus increasing risk to children getting to and from school.
