Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This area has been used by locals and supports wildlife. There are these animals going to go. Also if the plants are removed then there is no food for foragers, no shelter. It is a disgrace this still keeps happening when there are environmental and climate changes. we need more beautiful green healthy spaces not less. These green spaces not only gives food and homes to wildlife but it has been proven to help mental health when being in nature. THIS NEEDS TO STOP !!
