I have lived in Parkview avenue for almost 22 years and my house backs onto Whitegates park. I strongly object to the plans of building a new high school on this lovely park .Not only will this be bad for wildlife this will badly impact local people who use this park . The park is always busy and people enjoy it for family walks ,football etc. This would be catastrophic for local people. I myself use it on a daily basis and would be devastated if it were to become a high school. I know all my neighbours feel as angry and as upset as I do. I work nightshifts and the noise alone will be intolerable. Lenzie and Kirkintilloch have very few green spaces as it is. PLEASE DO NOT BUILD THIS SCHOOL ON THE WHITEGATES PARK!!!

Yours sincerely
