Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Workings in the area are likely to cause displacement of the resident deer, fox and badger populations.

This will cause extreme likelihood of wildlife

vehicle collisions on the adjacent Initiative Road and surrounding routes, putting wildlife and vehicle users at serious risk.

The surrounding routes are now already heavily congested due to the recent increase in housebuilding.

Any further increase due to school related vehicle traffic will create unnecessary and completely avoidable road safety issues.
