Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I wish to object to the proposed development of the new Lenzie Academy at Whitegates Park,

Lenzie. My objection is based on material planning considerations including.....

Transport issues.

The Transport Assessment underestimates the likely traffic impacts and congestion around Initiative Road and surrounding residential streets, raising concerns about road safety and suitability of the location for a school of this scale.

Transport and road safety are major concerns. The surrounding roads already experience significant congestion and parking pressure at peak times. Introducing a large secondary school would make these issues worse and create additional safety risks for pedestrians.
