Subject: Lenzie Academy TP/ED/26/0104

TP/ED/26/0104

In regards to the planned loss of Whitegates Park to build the Lenzie Academy replacement i strongly object. This would be a devastating loss to the environment ,by both residents in the area & the wildlife that inhabitants the park. The loss of so many trees is absolutely disgraceful. This park is a coveted safe area for children , dog walkers & all who use it on a daily basis. The so called plan to replace this natural area with man made at Myrtle Avenue is no comparison & I have grave doubts that this would happen as the costs are spiralling daily & this council is cash strapped already.

There are also the big concerns in regard to the contamination & flooding which construction would only make worse & god knows what the affect on the surrounding residents would be.

This park is also part of Kirkintilloch & not Lenzie which is well known to people born & bred in the town.

I use this park every day as it is convenient for me but Myrtle Avenue would be too difficult because its up steep hills from my home ,& I have mobility problems at times so not accessible to me.

The residents of Kirkintilloch & Lenzie are suffering with huge rises in Council tax & rents as it is , with continued cuts in services, it makes more sense to tandem build at the current site.

Sincerely [REDACTED]
