Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am concerned that not enough is being done to mitigate flooding of surrounding homes if this build goes ahead. I need assurances that surrounding homes will not be affected. The area of Whitegates park is of great benefit to the local community and its removal as a park is completely against community wishes. I am concerned about the toxins that will be exposed during building and the affects it may have long term on pupils and residents. Local councillors have been conspicuous by their absence when residents have looked for explanations or support. I don't believe the process was open and honest and if my property is adversely affected I will seek legal redress, this includes increased flooding and health implications. An alternative which is cheaper, has always been available and no proper studies have been carried out at these locations to the extent that has been carried out this site.

Please reconsider.
