Comment: 

 loves spending all of his free time in the park, having picnics with friends, taking his first steps on his own in the park, listening to birds singing, spotting deer in the park, herons, running through the park, and has recently learnt to go his balance bike there.  will have nowhere else nearby to practice this if the new school is built on Whitegates.

 asks daily to go walk to the park, and will be extremely sad if this is taken away from him. Also from my perspective, seeing his face light up due to nature is incredible, and will not be achieved if the school is built here. We will not be able to freely enjoy nature if the so called "park" is built on Myrtle drive. Please reconsider this and stop the build at Whitegates park
