Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I totally agree with the 10 objection sections listed in your recent document. Mainly because no public consultation was made and no consideration given to the designated green space that is Whitegates Park and the traffic chaos which will be caused in surrounding streets and the destruction of wildlife and trees.

On a personal level this park has been loved by all my family for dog walking, cycling and playing football, If this park is taken away it only leaves Woodhead Park which isn't safe for young children running free and for boys playing football with a main road nearby. Children don't need to cross any main roads either if going there without an adult.

There is abundant wildlife and this will be totally obliterated. I also don't think the people on Larkfield Road will relish floodlights illuminating their house from the proposed recreation area.
