**Subject:** Lenzie Academy relocation

I wish, to voice my strong opposition, to the relocation of Lenzie Academy, from Myrtle Avenue to our beloved Whitegates Park.

The park is vital, for wildlife to have a home, to find food, shelter and safety.

We have a duty to protect our nature.

The park is important to local families for walks and play.

People exercise, walk their dog, sit on a bench or just simply enjoy the wonderful calmness and peacefulness of Whitegates Park.

It's also very concerning, that the waterlogged ground and the toxic waste, would be detrimental to the health of the pupils and teaching staff.

Please reconsider your decision, for the greater good, of the human and non-human population of Lenzie, Kirkintilloch and surrounding areas.

With best regards
