Subject: Objection Whitegates Park

Reference TP/ED/26/0104

Dear Sir Madam

I am writing to object to the build of the new Lenzie Academy School on Whitegates Park. The park is a integral part of our community and I frequently walk there with my family. I am so disappointed in our local council who have gone above and beyond to make the park the preferred option while there are other sites available without having to destroy a well used and excellent functioning park.

There are the potential flooding issues, the contamination issues, the traffic issues and the overspend budget issues which I am sure you are all aware of and cannot guarantee that all of these points wont be a problem going forward, therefore please note my objection to the buiding of the new school.

Regards
