Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am registering my objection to the proposal to build a new school on Whitegates park. This park is a valuable green space, a well established park, which is important to the local community and wildlife.

It is clear from reports that a new school can be built within the grounds of the current school, so destroying a local park, which cannot just be replaced does not make any sense.

The amount of new houses being built in and around the Kirkintilloch and Lenzie areas has already led to a significant loss of green space, which makes it so much more important to hold onto what is left.

Please do not build on this park.

Thank you
